

PATIENT SEGMENT

As a professional, I'm always on the go. My time is valuable and I must use it wisely. But I still want to feel confident about my appearance and in charge of my destiny. So I choose aesthetic treatments without down time that fit into my active schedule. It's my image and these are my choices.

Ellen, 42

"My lifestyle is one of adventure and savoring each moment. My rough, scratchy skin and age spots didn't fit my style one bit. So I chose to stand up to the hands of time and reclaim some of the taut, youthful look of my youth".

Rita, 47

"I'm as full of energy and ambition as I was in my youth. But my appearance told a different story. So I chose to do something about my wrinkles and aged looking skin. Now the world sees just how good I feel on the inside".

Joan, 52

HEALTHY SKIN FOR A LIFETIME...

Remember the skin of your youth? Your healthy glow and innocent perfection gave you a confident smile. Then life's daily routine changed all that. Time and other factors changed your skin:

- ① Stress
- ② Pollution
- ③ UV Rays
- ④ Poor Diet

Detrimental factors like these all caused skin imperfections to take hold, diminishing your skin's ability to heal. It happens to all of us and we're left with a drab, lackluster appearance. If left alone, these conditions spiral out of control and can lead to:

- ① Melasma
- ② Red Spots
- ③ Brown Spots
- ④ Broken Capillaries

But the good news is, technology has come a long way. Now you can take steps to fight the visible signs of aging and restore the youthful, healthy glow you once had.

Treatment FAQ

Is Harmony Safe?

Yes. We have performed treatments thousands of patients across the globe with beautiful results.

How long will a treatment take?

Your exact treatment regimen will depend on the condition of your skin and your aesthetic goals

Do I need to plan for time off for the treatments?

No. Alma Harmony requires no extended "down time" or recovery time.

How long will my results last?

The Harmony is the ideal procedure to eliminate the discoloration, textural irregularities and other signs of aging that make your skin look older. After the procedure you will continue to age and to be affected by the sun and elements. You may choose to return to your provider periodically for touch-up treatments to maintain the healthy glow that Harmony can bring.
